DOA SP 2 wall and ceiling light, GU10, max. 2x50W, IP20, black

DOA SP 2 is a movable light fitting that will be perfect for any places where there is a need to direct the light in a specific direction to illuminate or emphasize elements of the decor and create an interesting visual effect. Thanks to its simple and minimalistic design, this wall and ceiling luminaire fits both - residential and commercial spaces, decorated in a traditional or modern style. The product is suitable for light sources with a GU10 base (not included) of 2 x 50W maximum rated power and it is made of steel. The direction of light beam can be adjusted thanks to the movable body of the luminaire. Suitable for both - wall and ceiling mounting. The luminaire is available in white or black.
